SLEEPING HABITS

*Does your child sleep in a crib? _____Bed? _____

Does your child become tired or nap during the day (include when and how long)?

Please note: The American Academy of Pediatrics has determined that placing a baby on his/her back to sleep reduces the risk of Sudden Infant Death Syndrome (SIDS). SIDS is the sudden and unexplained death of a baby under one year of age. If your child does not usually sleep on his/her back, please contact your pediatrician immediately to discuss the best sleeping position for your baby. Please also take the time to discuss your child's sleeping position with your caregiver.

When does your child go to bed at night?	_and get up in the morning?
Describe any special characteristics or needs (stuffed an	imal, story, mood on waking etc)

SOCIAL RELATIONSHIPS
